

Naturals in Divide Basin

Divide Cirque

Northern Gallatin

12/9/2023

Code

N

Aspect

SW

Latitude

45.39340

Longitude

-110.96900

Notes

Skiers on 12/21 saw 2 old avalanches while skiing in the Divide Peak Cirque. These avalanches likely happened near the end of the last storm cycle, 12/9.

From obs: "Saw evidence of two natural avalanches on southwest aspects (see photos). The age of these slides was hard to gauge based on our lack of recent snow."
