

Avalanches on Miller Ridge

Miller Ridge

Cooke City

2/25/2024

Code

N-R2-D2-O

Aspect

N

Latitude

45.04230

Longitude

-109.96500

Notes

From IG message: “These are on the ridge between Miller Mtn and Sunset Peak on North [aspect](#). All of the North facing ridge of Miller Creek up to Miller Mountain had similar slides too. The crowns filled back in overnight... The North facing ridge on Sheep Mtn slid as well, not sure on the [trigger](#) but a rider from another group send the following image of the Sheep [slide](#)“
