

From IG message: "We remotely triggered this hillside in Taylor's fork yesterday [2/21] from the Ridgeline above it. We were looking for a safe spot to drop down when it released below us. Circled around for some pictures. The snow was pretty shallow, only 2-3 feet deep, and slid to the ground. South facing slope"

Advisory Region Southern Madison Longitude -111.27W Latitude 45.06N **Avalanche Details:** <u>Snowmobiler triggered avalanches in Taylor Fork</u> Southern Madison, 2025-02-23
